1 Introduction

Webcasting for biostatistics is the challenge.

Lets take it one step at a time.

Start with the open source project **OBS**.

[Welcome | OBS](#)

Steps to get started. Work with youtube video.

[How to Use OBS Studio](#)

goal is to be able to create short, 5 minute, videos demonstrating “real time” data analysis.

first project:

- work through first 10 minutes of Dave Robinson “water” tidyuesday analysis.

- create a 5 minute version of the analysis in vim using rgt-R tools and ultisnips.
- create a simple OBS framework for the screencast.
